DERRICK LIGHTS

TEACHING TO TRUCKING

By: Marsha Gentry

Amanda Bunch shared her inspiring and interesting path into the Energy Industry with us at our April meeting. Amanda grew up and still lives outside of Lindsay, OK. She played sports, showed cattle and kept up with her two older brothers.

Amanda always wanted to be a school teacher, and she fulfilled that goal by getting her Elementary Education Degree from the University of Science & Arts of Oklahoma in Chickasha. She accepted a one-year position teaching 5th grade – hoping that the position would be renewed for the next year. But, because of enrollment numbers, that position was not renewed the next year. Her dad, in addition to raising cattle, was employed by Weatherford International. He suggested that she think about starting an oilfield trucking business. After much thought and many discussions, she decided to go for it. She had experience dealing with backing, pulling and hitching trailers from working on her parents’ farm. Amanda passed the 3 written tests and the driving test and received her CDL driver’s license. She also got all the permits required to legally haul for hire. She was ready to roll.

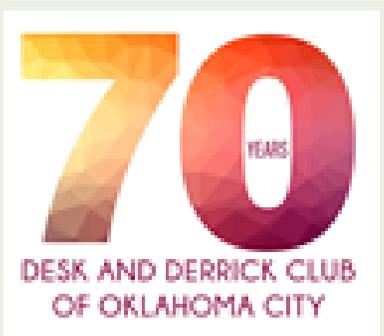

But first, she needed to get hired. Amanda took a deep breath and started going from rig to rig, with business cards in hand, introducing herself. Before too long, her phone began to ring, and she went to work. She was a 24 year old single female stepping into what was considered at that time a “man’s world”. She knew she would be closely monitored to see if she could do the job. She must have passed, because Amanda had so much work, she purchased a second truck and trailer and hired an employee. As time went on, she acquired four one-ton trucks and trailers and four semi-trucks and trailer. Amanda then moved from the truck cab to the office to answer calls, dispatch trucks and take care of invoicing. By this time, she had added Mom to her resume.

Amanda emphasized how wonderful the oil and gas industry has been to her and her children. The company men and superintendents supported her and helped her grow from a new school teacher into a successful business-woman. Her children have been on rig sites with her, and, you can imagine how much those burly rig hands loved to spoil them.

As we know, our industry has taken a downturn. Amanda’s company, Blackgold Service Company, is still doing some hauling. But now Amanda’s dad, recently retired from Weatherford after 47 years, is driving a truck and delivering tools. Amanda is putting her teaching degree to work again and teaching this school year.

Amanda is very appreciative of the “oil patch” and is another great success story. We thank her for coming from Lindsay to share with us.

No more Snow!

Goodbye snow and cold and hello Spring! May is the time to get my outside projects going. Digging out my old Holly shrubs killed in the freeze and getting different ones planted. I am so excited to buy flowers again and make my flower bed burst with color.

My horses have been moved to the next door neighbors to mow his pasture. I can spray and fertilize my pasture and get it growing better. Hopefully we will have a calm day soon and I can burn my brush pile and leaves around my place.

Its been stormy and I have not taken any pictures to put in the bulletin or set aside for the AMMEE contest either. We need articles to enter for next year so please take pictures and write up stories for our club. We all enjoy reading them and its fun sharing them with other people too.

I do want to thank everyone that contributed items for our bulletin. I was proud of our club and the AMMEEs we won this year. It was a hard 2020 and it took extra effort to keep getting the bulletin out every month but, we did it!

Have a great spring and enjoy some time with friends and family.

Ann

Hi members! I hope May brings us all happy and healthy and no time in our storm shelters!

Thank you to Michelle Burgard and Marsha Gentry for stepping up and representing our club at the Virtual Central Region Meeting. Everything ran smoothly and they elected the 2022 Central Region Director! Congratulations to Jamie Sabata of the Liberal Club.

The Aimee winners were announced. Our awards were as follows:

Best Large Bulletin: 2nd Place OKC

Best Industry Article: 2nd Place Marsha Gentry

Best D&D Article: 2nd Place Ann Mefford

Best Industry Program: 3rd Place Jamie Gilmore and Kaye Dunham

Best Industry Seminar: 2nd Place Taylor Rose and Wendy Sparks

Congratulations to all and a job well done. THANK YOU for contributing to our bulletin!

Remember that we are all volunteers, and it takes a village to offer field trips, coordinate meetings, and educate our members. If you are willing to write an article, send out recruitment letters, do the invocation at a meeting, or come to a meeting please reach out.

For reservations to our monthly meeting please contact Ann Ngyuen at angyuen@eprod.com for reservations.

May 2021

The April showers in Texas have brought the May flowers. It appears that even after our “deep freeze” earlier, many yards are alive with beautiful flowers in bloom. Spring is definitely in the air.

Two of the virtual Regional Meetings are in the books. There are two meetings still to be held – May 14, 2021 the Central Region Meeting and May 22, 2021, the Southeast Region Meeting. We all know that a virtual meeting isn’t the same as being able to give friends big hugs, but because of the technology to have to Zoom meetings, we have been able to see many friends and their smiling faces.

There have been two Regional Director for 2022, who have been elected. Congratulations to Ingrid Burton, Midland Club – West Region Director-Elect and Sam Thomas, Tri-State Club – Central Region Director-Elect.

As mentioned in my April Letter, due to not being able to have our Regional Meetings in person, the Certification Committee moved forward with having three (3) Certification Classes by Virtual Meetings.

April 10th, the Geology course was taught by Heather Woods
April 24th, the Drilling course was taught by Philana Thompson
June 5th, will be last class, Land & Leasing with Ramon Hancock
as the Instructor (Rescheduled from May 8th)

The Accounting Certification class will be held at Convention on Wednesday, September 22nd and will be taught by Sheryl Minear.

Mark your calendars - ADDC is moving forward with the 2021 ADDC Convention to be held in New Orleans, LA – **September 21-25, 2021**. The Registration Packets will be sent out in the near future. The Crown Plaza New Orleans French Quarter will be the site of this year’s convention. Room rates will be \$169 for a single, double, triple or quad. After not being able to see each other in person for this past year, we are looking forward to having time to be together. The Southeast Region will be the host for this year’s convention.

The Nominating Committee Chairman, Christina Forth has called for Nominations for Association Officers for 2022. The Nomination Forms were sent to Regional Directors, to be forwarded to Club Presidents. Nominations for the office of President-Elect, Secretary and Treasurer are open. The deadline for Nomination forms to be returned is June 15, 2021. Nominees for any Association Office must have served as a Regional Director or have served on the Association Board. Remember – **YOUR** Association needs you.

ASSOCIATION OF
DESK AND DERRICK
CLUBS

May 1, 2021

As I write this letter the day before our Virtual Central Region meeting, it feels a little like the night before Christmas checking off the things that need to be done before morning; the Zoom meeting has been set, Committee Reports, Treasurer Report and President Reports gathered and sent, podium book reviewed, Director Report Written, PowerPoint AIMEE awards presentation along with slides for the speakers made, and the gray in my hair covered and cut and coffee ordered for Saturday morning.... lots and lots of coffee.

I have had so much help! Sharon Hiss, Evelyn Green, Connie Bass, Terry Ligon, and all club presidents and committee chairs, you all know what you've done to help me and get us to this point of having our 3rd, well, maybe 2nd since we didn't have one in 2020, but definitely our 1st Virtual Central Region Meeting. Thanks Cherie Rash in my local club for providing a location for our setup for the meeting, my co-GACs, Katie Berg and Jamie Sabata, and to the rest of the Liberal club members for moral support.

Central Region is 200 members strong! As Wendy Sparks, Oklahoma City club president stated in her letter, "we may not have the quantity of members we used to have, but we have quality members! I think that is true for all 200 members of the Central Region Club. Liberal and Great Bend are tied for the smallest clubs with nine members each, and Wichita Falls wins the prize for the largest club with 33 members.

From reading the president's reports, everyone was affected by a tough 2020 with many clubs not even being able to meet together and scholarship golf tournaments having to be cancelled. But we are still here and emerging!

Butler County is getting more involved in the community this year and getting word out about their club for potential new members. **Dallas** is working on getting together in person this summer for their annual July party which includes events like the horseraces, baseball game or a cookout/swimming party. They are looking to have a golf tournament in the fall. **Enid** started of 2020 normal with a video "Independent Oil, Recovering America's Forgotten Wells and How to Control a Wellsite Fire in February and industry appreciation in March, and then Covid shut down meetings for the rest of the year. **Fort Worth** is rebuilding and plans to have their first business meeting in May. Their theme for the year is 2021 "Recruiting to Educate" and they have plans in progress to hold recruitment events. **Graham**, being a small town, met nearly every month during the pandemic, but were unable to have their golf tournament, their main scholarship fundraiser, but through donation drawings through the year, they were able to hang on and award scholarships for students to pursue their dream of a career in the oil and gas industry. They participate in "Our Daily Bread" which ensure that everyone who is in need have food. They have gained two new members in 2021. **Great Bend** is led this year by first time president Jessica Walters. After 2020, they are looking for a year of recovery and rebuilding by being better together. They are using the theme at their meetings by illustrating things that go together. i.e., January – salt and pepper, February x's and o's, March heads and tails – two sides of a lucky coin, April – chocolate and peanut butter. (I can't wait to see what togetherness May brings.) **Liberal** – the nine members

Continued on page 6

Continued from page 5

of Desk and Derrick continued to meet through the pandemic and had two scholarship fundraisers – selling chances on a hand gun and a diamond bracelet, which incidentally was won by President Katie Berg. **Lone Star** will start to have in person meetings again in June, 2021. They are committed to continue their annual Clay Shoot on October 15th. **Oklahoma City** is celebrating 70 years!!!! Most of Oklahoma City's education came from YouTube videos that were about oil and gas. (good idea for smaller clubs who have trouble finding speakers.) In June, they will be hosting a putting contest at the Mid-Continent Oilman's Golf tournament at Twin Hills Golf Club and will have a booth at the Oil and Gas Expo in October. **Tulsa** club was unable to fill the position of President at the close of 2020 with COVID and downturn in the industry and loss of members, so they found a way to continue and rebuild. Alesia Bailey, Immediate Past President and Jill Klein, Vice President are doing a great job of covering the Presidential Duties. Tulsa stated a new Student Outreach for college students to participate in the club activities for little or no charge. They are working with the University of Tulsa Energy Management Association. They had an interesting meeting in February with speaker Michaela Hager of K9 Pipe Inspections who shared how her incredible dogs detect leaks when convention methods fail. Desk and Derrick Club of Tulsa stands firm in Energy Education and look forward to better times ahead. Amen to that! **Wichita** – last fall, the Wichita club distributed 700 EAB books to schools in the area. Let me just say "WOW!"

They gained a couple of new members with the Successful Succulents planting class, and are going to hold they Annual Clay Shoot where they usually garner 50 to 100 shooters as a fund raiser. Another unique fundraiser Wichita has done is to partner with a local flower shop "Tillies" to sell 12-month cards for \$40. With this purchase, participants can go in once a month and get a "free" bundle of flowers, and for \$5 more, can add extra flowers to the arrangement. This has been profitable for Tillies and the Wichita Desk and Derrick Club and has made a lot of husbands shine brighter in their wife's eyes, or be the Knight in Shinning Armor to their daughters. What a great idea! And last, but not least, **Wichita Falls** – has the largest club in Central Region adding three NEW members this year bringing the total to 33. Like most of the clubs, they were faced with cancellations, but are hoping that they will be able to bring the MOLU exhibit (Mobile Oilfield Learning Unit) to their city in the Fall. MOLU sets up at two of the local elementary schools and is geared for 5th graders with hands-on learning experience for the students. Wichita Falls donates four \$1,000 scholarships to students pursuing a degree in the oil, gas and energy industry at their local university Midwestern State University.

Can I just say, I am so proud of the difference Central Region clubs are making in the lives of its members and their communities and our future by investing in the lives of the next generation.

Just a reminder, the ADDC Form TaxE1, TaxE2, IRS Form 990 and 990N need to be turned in by May 15th. Since there is no committee representative, I have voluntold myself to accept the forms and I will get them compiled.

P.S. Post meeting –I hope everyone enjoyed our virtual meeting and we were able to take care of our business at hand for 2021, and have an exciting year ahead for the 2022 Central Region with Jamie Sabata as our Region Director, and the enthusiastic Wichita Falls Club planning to host us IN PERSON next spring!

Whew!

Q: What are a teacher's three favorite words?
 A: June, July and August.

 Q: Why was the teacher cross-eyed on the last day of school?
 A: She lost control of her pupils.

Q: How did the music teacher get locked into the school all summer?
 A: The keys were inside her piano.

 Q: What U.S. state teaches math class all year long?
 A. Mathachusetts.

Q: What did the circle say to the rectangle?
 A: You're such a square.

Q: What do lobsters do on the last day of school?
 A: They shellabrate!

MAY BASKET

DIRECTIONS: Find and circle the vocabulary words in the grid. Check mark the vocabulary words that are related to World Labor Day (rather than the traditional celebration of May Day).

Need New Members!

Continued from page 4

Membership – At the close of 2020, we ended with 959 members and our current membership stands at 708, as of April 28, 2021. With the difficulties that we have all dealt with last year, I feel that our Association can still gain new members. Many companies have reduced their staff but we can still increase our membership throughout this year. Many clubs still have not held in-person meetings. I remain hopeful that before long this will change and we can be together, have monthly speakers again and be able to invite prospective members to these meetings.

We may be down in our membership, but we are never out! We can do this together – onward and upward. Have a wonderful month and hugs to all,

Evelyn

“Success is the sum of small efforts, repeated day in and day out”

May 25, 2021 Membership Meeting

Packard’s New American Kitchen
201 NW 10th Street, Oklahoma City, OK 73103
Dinner & Meeting at 5:45 p.m.

Cash Bar

This month we will enjoy an educational film at our meeting.

Reservations must be received by noon on Friday, May 21st, 2021

Payment Must Be Made For Reservation

Send Reservations to: Ann Nguyen E-mail: anguyen@eprod.com

CENTRAL REGION MEETING 2021

By: Marsha Gentry

I have been fortunate enough to attend every scheduled ADDC Region VI/Central Region meeting since 1996. I've enjoyed learning how our Association operates, making some good D&D friends, traveling some interesting routes and having a great time. This year, my trip was just to the dining room table but was interesting nonetheless.

Michelle Burgard, our Delegate, and our Alternate Delegate (me), were joined via "zoom" by our Central Region Director, Kay McKinley, and the other Delegates and Alternate Delegates in attendance, for a Delegate Meeting at 9:30 a.m., and the 2021 Central Region Meeting was called to order by Kay at 10:00 a.m. We stood, had an invocation, the Pledge of Allegiance, and enjoyed a recording of the Cactus Cuties singing the *Star Spangled Banner*. Kay welcomed everyone to the meeting.

In keeping with Kay's theme "Make a Difference. Be the Difference", we enjoyed listening (again via "zoom") to Kyle Weber with Tri County Electric Co-op. Mr. Weber, along with 9 other Oklahomans and 10 men from Colorado, traveled to Sillab, Guatemala to provide electricity to that community. They electrified 37 homes, 4 churches and, one school. And by electrifying, he said each unit got one outlet and one ceiling bulb. The residents were thrilled and very grateful.

We then got down to business. Of the 12 Clubs in the Central Region, ten Clubs were in attendance and eligible to vote (Tulsa and Wichita were not represented). A motion was made and seconded that Jamie Sabata (Liberal Club) be nominated as the 2022 Central Region Director. There were no other nominations, so Jamie was elected by General Consent. Nichole Harney with the Wichita Falls, Texas Club advised that they will be hosting the 2022 ADDC Central Region Meeting. Their planning is getting a late start because the club originally scheduled for 2022 is unable to host. But, Nichole said they are looking at either April 21 to 24 or April 28 to May 1, 2022 and are planning some great field trips and fun events. More information will be shared later. The Presidents' Reports had been furnished earlier to everyone, but Kay showed pictures from each Club while each delegate said a few words. ADDC President Evelyn Green was in attendance and spoke to us about the health of our Association. Most Clubs are struggling due to the downturn of our industry and the year-long pandemic, but ADDC is planning on a brighter future. We had the Treasurer's Report (by our own Michelle Burgard, Central Region Treasurer), discussed the proposed Central Region budget, and heard closing comments from Kay McKinley. The meeting adjourned, and we broke for lunch.

After a quick lunch break, we moved on to Open Forum. The Proposed Amendments that will be voted on at ADDC Convention in September (in New Orleans, by the way) were discussed. Then, it was time for the AIMEE Presentation. Jessica Walters of the Great Bend Club had a fun presentation. I know that Michelle emailed it to membership, so everyone could enjoy it. Here are our Oklahoma City winners:

- ◆ Best Large Bulletin – 2nd place (Feb 2020 issue), Ann Mefford, Editor
- ◆ Best Industry Article – 2nd Place – "D&D Awareness", Marsha Gentry, Author
- ◆ Best Desk & Derrick Article – 2nd Place – "Powerless", Ann Mefford, Author
- ◆ Best Industry Program – 3rd Place – "Unclaimed Property", Jamie Gilmore, Coordinator, Kaye Dunham, Author
- ◆ Best Industry Seminar – 2020 Leadership Seminar – Taylor Rose,
Coordinator, Wendy Sparks, Author

CONGRATULATIONS to all!!

Thus ended our 2021 Central Region Meeting. I am so looking forward to Wichita Falls in 2022 and getting to participate in all aspects IN PERSON!

I hope you'll plan on joining me.

**Kay McKinley,
ADDCCentral Region Director**

Michelle Burgard, Delegate
